# Chair's Message

The PSB is looking forward to the upcoming CIP/OUQ Conference in Montréal. Time is always a constraint but we wish to extend an invitation to connect. We invite all Board Chairs/Presidents to set up time to meet with the PSB separately from the extended two-hour AGM. Please reach out to Phae Eckhart, the PSB's Executive Director, to schedule time with the Chairs of the APC (Mary Lou Tanner), PEEC (Neal LaMontagne), SAC (Patricia Maloney), PSB (Greg Birch), or the Board (as many as we can assemble). This can be done in the days ahead or following the AGM, based on availability.

We are pleased to announce that the PSB logo has formally been trademarked, following a process that took almost two years. You will start to notice our use of the trademark symbol ("®") in future.

It is an exciting time at the PSB, despite being very busy, and we look forward to sharing several standards-related updates with you in the coming weeks. Stay tuned for separate communication.
